

Making back-to-school a little more back-to-normal

It's a different back-to-school season, to end a very different summer. A little more uncertainty is in the air as parents grapple with new school protocols, kids navigate a more socially distant playground, and we all lament our enforced staycations. To help us all create our own household reopening and recovery program, we've gathered a few of our favorite rewards below to help make back-to-school, a little more like back-to-normal.

Apple 10.2" iPad WiFi 32GB

The new iPad brings all the power and capability of a computer, with the ease of use and versatility you'd never expect from one. With a larger 10.2-inch Retina display, it's easier than ever to get more work done with support for the full-size Smart Keyboard, Apple Pencil and seamless new multitasking capabilities of iPadOS. The A10 Fusion chip delivers amazing performance, so games are immersive, fluid and incredibly detailed. And you can even pair a games controller to create the ultimate portable game console.

Apple AirPods Pro with Wireless charging case

Silence the world and focus on what you're listening to with AirPods Pro. They're designed with Active Noise Cancellation for immersive sound, Transparency mode so you can hear your surroundings, and a customizable fit for all-day comfort. Just like AirPods, AirPods Pro connect magically to your iPhone or Apple Watch for seamless, on-the-go music, podcasts or calls. The small, quick-charging case can be refuelled wirelessly using a Qi-certified charger.

Instant Pot Duo 6-Qt. 7-in-1 Multicooker

Cut your cooking time by up to 70% with the Instant Pot Duo 7-in-1 Multicooker — the bestselling electric pressure cooker in North America. This safe, reliable and popular kitchen appliance combines the functions of a Pressure Cooker, Slow Cooker, Rice & Porridge Maker, Steamer, Yogurt Maker, Sauté Pan and Warmer. You can find many delicious meals to make in minutes in the included recipe booklet.

Lenovo ThinkPad E490 14" Notebook

This light and affordable notebook PC is ideal for classes in school, webcam lessons at home, or on-the-go meetings. With lots of battery life, it features 128GB of storage for documents, 8GB RAM and an 8th generation Intel Core i3 processor that's ideal for homework, online shopping, spreadsheets and presentations. Streaming movies will look great on the sharp 14" screen. This laptop is preloaded and ready to go with Windows 10 Pro.

The North Face Surge Backpack

This 31-liter pro backpack has been updated with new features and a tech-inspired design to organize your electronics and simplify life on-the-go. There's a dedicated mobile-office compartment for your laptop, tablet and documents, multiple fleece-lined pockets for your sunglasses and phone, and a padded top handle and laptop sleeve. A highly breathable lumbar panel pairs with injection-molded shoulder straps for all-day comfort.

Brentwood K-Cup Coffee Maker

Now you can easily enjoy a cup of your favorite hot beverage at home with this black K-Cup single-serve coffeemaker. It has built-in boil-dry protection and a 3-Bar Water Pump that quickly brews an 8-10oz serving. It comes with a Stainless Steel coffee mug and adjustable drip tray. This BPA-free coffeemaker is K-Cup and Soft Pod compatible, making the perfect cup of java every time.
